

SERIES PROGRAM AGREEMENT

I, _____ agree to produce _____ programs, to be cablecast as a series between _____ (date) and _____ (date). All programs in this series shall be in one of the following length categories (*check only one*):

5 – 15 minutes 16 – 30 minutes 31 – 60 minutes _____ ?

Should an episode be longer or shorter than the agreed upon show length, the program may be scheduled at a time and date other than that of the scheduled series.

All requests for a “series program” time slot must include at least three (3) completed shows “in the can,” along with an **UpNorth TV Air Time Request Form** and this signed agreement. In addition, a new program must be submitted at least one week prior to each scheduled cablecast. Failure to meet this deadline will result in forfeiture of timeslot and/or series status.

“Series” time slots are guaranteed for up to three (3) months provided that shows are submitted on time. I understand that my show may be “bumped” in favor of a particularly timely, locally-produced program.

I understand that the *UpNorth Media Center* reserves the right to replay my series at a later date unless I have specified a “kill” date on the *Air Time Request Form*. I also understand that my program is guaranteed at least one (1) airing and there is no guarantee of additional airings. However, if I request it, the UpNorth Media Center will try to replay my program as many as four times during the week, as time and the programming schedule permits.
